1 pre-filled pen injector (3 ml in volume) contains 4 mg of semaglutide.

1 ml of the drug contains:
Active substance:
semaglutide (1.34 mg)
Excipients:
disodium hydrophosphate dihydrate, propylene glycol, phenol, hydrochloric acid diluted 10% (for pH correction), sodium hydroxide solution 10% (for pH correction), water for injection.

**8 needles are included in the package.**

For individual use only

Available by prescription
Sterile, apyrogenic

How to use: Read the instructions inside the package.

Storage conditions:
- Store at 2°C to 8°C (refrigerated). Do not freeze. Protect from light.
- If needed, the pen may be stored at room temperature (up to 30°C) for up to 6 weeks.
- Do not store the pen without the cap, to protect it from light.
- Do not store the pen with a needle attached.

Precautions:
- Do not use if the solution (water for injection) is not clear and colorless, or if it contains particles.
- Keep out of reach of children.
